

COLORADO GOLF ASSOCIATION

Hello,

We want to thank you for the many courtesies extended to the Colorado Golf Association's Rating Team at your facility in 2023. With your help, the CGA was able to safely complete the work necessary to provide updated course ratings during this past season.

These ratings will take effect December 31, 2023 and will be active for another 8 years. If you are using the USGA Tournament Management (TM) software provided by Golf Genius, you will need to log in and go to the **Customer Settings/Course Details** to update the tees in the software after the tees are published.

Enclosed are:

- ❖ Official Men's and Women's Course Rating Charts
- ❖ Course Handicap conversion tables
- ❖ Predicted Score Report
- ❖ Pace of Play Reports
- ❖ How Courses are Rated and the Effect of Course Management and Maintenance on Course Rating

Please post the Course Rating charts in a place that is easily accessible by your members and guests for reference. The Predicted Score charts are for you to show your members what their expected score would be on the identified tee, depending on their Course Handicap. It also demonstrates "Slope" in a graphical form that is easy to understand. If you need Predicted Score charts for other tees, please let us know.

One of the goals of the Colorado Golf Association is to educate club representatives on the Course Rating process. We believe it would be beneficial if you shared this information with your Superintendent, Handicap Chairmen, Club Presidents and any other interested parties at the club.

If you have any questions or concerns surrounding the rating factors, please feel to contact the Colorado Golf Association.
